Procedure - Visitors

Description

Based on a decision that was approved by a majority of residents at the 2011 General Assembly and due to the fact that the question is often raised, this document will provide the guidelines required on handling the visitors to the Park.

Definitions

Resident : A resident is an owner or a renter living in the Park.

Guest : A person invited to the Park by a resident.

Visitor : A person visiting the Park.

Goal

The goal is to ensure that there is a good understanding on how visitors should be handled in the Park.

Guidelines

- Visitors can participate to the various activities in the Park. This is restricted to organized activities and does not permit a visitor to use the common grounds and services at all times.
- There are no additional costs for the visitors.
- The residents of the Park have priority except when there is an inter-parc accommodation.
- The organizer has the authority to manage the activity.
- Participants to an activity could be asked to sign an attendance sheet.

Effective date

This procedure will become effective 5 days after its approval.
